Fire broke out about six o'clock this morn-It originated among a mass of stuff, consisting of firewood, rice, kerosene oil and lumber, stored under the staircase on the first floor. The top floor and roof of the house were turned out by a fire which occurred on the 30th of last month, and there was not much left to burn in the house. The flames were extinguished before very much damage was done. At the time of \$4,000, of which, it is said, \$300 were

1.50 recovered for the damage done on 30th December. 0.60 THE Cricket Club Ball, which was given last night in honour of the Straits Cricketing Team, was one of the most enjoyable Sherry, White Capsule 10 1.00 assemblies which have been held here for many a year. Fortunately the weather, 10 1:00 | which had threatened to be wet and masty. as well as chilly, cleared up, and the gathering was a large one. Considering the short time in which the arrangements could be made, the decorations and other preparations were highly creditable to those concerned. Of the decorations of the grand staircase landing and the ball rooms, there was but one opinion. They were appropriate, effective and pretty without being too elaborate Red Capsule . . . . \$4 \$4.50 and were universally admired. Captain Rumsey and Mr Ram were, we understand, mainly responsible for the cricket and boating devices on the walls; and the success-Case. Per Bot. ful manner in which the central idea of the dance—honour to the Straits Visitors—was \$12 \$1.10 carried into all the decorative work was the subject of general remark. The Singapore colours were frequently shown are 18 1.50 happly arranged aide by side with case of the H. K. C. C., notably in the cricketing Vintage, Red Capsule . 24 2.00 trophy on the ante-room wall, which was one of the most graceful features of the decoration. In the dancing halls a simple but most effective draping of flags around shields bearing a variety of cricketing devices gave St. George's Hall and St. Andrew's Hall a very pleasing appearance. Dancing began punctually, and was kept up till midnight, when supper- was served in the Theatre, which was draped with flags, and was made to appear all the prettier and more fairy-like by the aid of the fine transformation scenes of the Christmas Pantomime. After supperwhich was generally approved of and well austained Mr Dorabiee's reputation as a catarer-dancing was resumed until about two o'clock. The Hon. W. M. Deane, President of the H. K. C. C., performed the duties of Chief Host with 1.10 great success. Music was supplied by the string Band from H. M. S., Imperieuc, and the floors were perfect. Altogether the Cricket Club is to be congra'ulated upon the success of the Ball it

has given to our Singapore friends. PRIVATE letters received by this mail from 4.50 0.40 an authentic source inform us that the Chancellor of the Exchequer has it in contemplation to utilize the revenue surplus. estimated at £5,000,000 in abolishing the on tea duty, which in the last Fiscal year ending 31st of March, 1989, amounted to £4,613,395. Should the surplus be insufficient, or should it be desired to remit other taxation, then the income tax will be raised to meet it .- Ceylon Times.

> GENERAL Alikhanoff, mentioned by Reuter in telegrams published to day, will be remembered as the officer who was very much en evidence as Colonel Alikhartoff during the Penjdeh affair, being at the time one of General Komaroff's filipustering understrappers, and frequently mentioned in the papera. · Alikhanuff was a Daghestani, who was said to be a very able officer and to ave been promoted from the ranks for sheer merit by his Russian masters, and a good deal of capital was made by the native Indian press out of his case in the way of drawing comparisons between the treatment of native officers by the Russian and Indian Governments, needless to say to the disadvantage of the latter.

THE CHINA REVIEW.

PUBLISHED BI-MONTHLY.

IIIIIS Review, which was intended to meet

the wants of many students of Chinese caused by the discontinuance of 'Notes and Queries on China and Japan, has reached its Eighteenth Volume. The Terior discusses those topics which are uppermost in the minds of students of the 'Far East' and about which every intelligent person conneeded with China or Japan is desirous of acquiring trustworthy information. It includes many interesting Notes and original Papers on the Arta, Sciences, Ethnology, Folklore, Geography, History, Literature. Mythology, Natural History, Antiquities. and Social Manners and Customs, etc., etc., of China, Japan, Mongolia, Tibet, and the Far East generally. Recently a new departure has been taken, and the Review now gives papers on Trade, Commerce, and Descriptive notes of Travel by well-known writers. It was thought that by extending the scope of the Review in this direction, the Magazine would be mademore generally

The Review department receives special attention, and ondeavours are made to present a careful and concise record of Literature on China etc., and to give critiques embodying sketches of the Most recent works on such topics. Authors and Publishers are requested to forward works to 'Editor, China Review, care of China Mail Office.

The Notes and Queries are still continued and form an important means of obtaining from and diffusing among students knowledge on obscure points,

The Correspondents' column also affords farther and greater facilities for the interchange of views and discussion of various

Original contributions in Chinese, Latin, or any of the Modern Languages are recoived. The papers are contributed by the members of the various Consular, the Imperial Customs, and Hongkong Services. and also by the Missionary bodies amongst whom a high degree of Chinese scholarship is assidnously cultivated. Amongst the regular contributors are Drs. Chalmers, Eitel, Bretschneider, and Hirth, Professor Logge, and Messrs Balfour, Watters, Stent, Phillips, MacIntyre, Groot, Jamieson Faber, Kopsch, Parker, Playfair, Giles, Piton, and Taylor, all well-known names indicative of sound scholarship and thorough mastery of their subject.

'All our learned societies should sub scribe to this scholarly and enterprising Review. -- Northern Christian Advocate (U.S.) The China Review \* \* \* \* has an excollent table of contents.'-Celestial Empire 'The Publication always contains subjects of interest to sojourners in the Far East and the present issue will held favourable if not

advantageous comparison, with preceding numbers. — Celestial Empire. 'This number contains several articles of interest and value. '-North-China Herald.

'The China Review for September-October fully maintains the high standard of excellence which characterises that publiand altogether forms a ver interesting and readable number. teorologists will find an interesting and valuable contribution by Dr. Fritsche, on "the Amount of Precipitation (Rain and Snow) of Peking," showing the results of observations made at the Imperial Russian Observatory at Peking, from 1841 to 1880. "Notes on the Dutch Occupation of Formosa," by Mr. Geo. Phillips, contains some interesting information, although much of it is second-hand. The Notices of New Books include a most generous and appreciative review of "The Divine Classic of Nan-Hua," and the Notes and Queries are as usual very interesting.'-North-China Daily News.

'A substantial and reliable Review which all students of China and the Chinese would do well to patronise.'—Chrysanthemum. The November-December number of the China Review contains less variety than usual, but the few articles are very interesting. The opening paper by Mr Herbert A. Giles on "The New Testament in Chinese" treats of a question that must necessarily be of great importance in the eyes of all missionaries. . . Mr E. H Parker's "Short Journeys in Szechuen" are continued, and a goodly instalment of these travels in the interior of China is given. Mr F. H. Ballour contributes a paper of some length entitled "The Emperor Cheng, founder of the Chinese Empire," which will be read with genuine interest by students of Chinese history. A few short notices of New Books and a number of Notes and Queries, one of which "On Chinese Oaths in Western Borneo and Java" might appropriately have been placed under a separate heading, complete

the number.'-H.K. Daily Press.

Trubner's Oriental Record contains the

following notice of the China Review:-The present publication, judging by the number now before us, is intended to occupy a position, as regards China and the neighbouring countries, some what similar to that which has been filled in India by the Calcutta Review. The great degree of attention that has been bestowed of late years upon the investigation of Chinese literature. antiquities, and social developments, to say nothing of linguistic studies, has led to the accumulation of important stores of informstion, rendering some such channel of publicity as is now provided extremely desir- Company's Offices, addressed to the Collecture SENSE A FIRST-CLASS JOURNAL. able; and contributions of much interest may fairly be locked or from the members of the foreign consular services, the Chinese Customs corps, and the missionary body, among whom a high degree of Chinese scholarship is now assiduously cultivated, and who are severally represented in the first number of the Review by papers highly creditable to their respective authors Some translations from Chinese novels and plays are marked by both accuracy and fresh-ness of style; and an account of the career of the Chinese poet-statesman of the eleventh century, Su Tung-p'o, by Mr. E. C. Bowrs, is not only historically valuable, but is also distinguished by its literary grace. Beside notices of new books relating to China and the East, which will be a useful feature of the Review, if carried out with punctuality and detail, we are glad to notice that Notes' and 'Queries' are destined to find a place in its pages also. It is to be hoped that this opening for contributions on Chinese subjects may evoke a similar degree of literary real to that which too, displayed during the lifetime of its predebearor in the field, and that the Ohina Review may receive the support necessary to transe its continuance.
